

THEY MADE A SUCCESS OF IT.

The Mikado's Birthday Was Fittingly Observed Here.

WAS LIKE A HOLIDAY IN HONOLULU.

Reception Given By Mr. and Mrs. Fujii—Many Prominent People Attended—Music and Day Fireworks—Mass Meeting and Speeches.

APAN'S sons and daughters throughout Hawaii entered with thorough spirit into the celebration of the emperor's birthday. The occasion was made practically a holiday in Honolulu and on many plantations. Local features of the day were a procession in the morning, a reception by Mr. and Mrs. Fujii at the legation in the afternoon, and a monster meeting at the Beretania street armory in the evening. The fireworks were set off from in front of the N. G. H. drill shed. The Japanese are a quick, restless people. Yet they are so bright that

MRS. FUJII.

nothing is overlooked in their hurry. They seem to do things about like the pushing, rushing Americans. Only they are more artistic. They have more of an eye for the beautiful.

A perfect day was vouchsafed for the observance. It was clear, with just enough breeze. Two bands were used by the different elements of the colony. Every place occupied by one of the race was decorated. They used the flag, lanterns and greenery profusely. Japanese establishments seem to radiate from Kamaekapili church. Small shops are numerous in that vicinity. The wholesale houses, agencies and big mercantile institutions down town are well known. There was evidently no prize up for decorations. The desire was simply to make a display that would meet all the proprieties. At one place on King street there was a string of lanterns from a store to a building opposite.

The reception at the legation was a very pretty affair. Greetings in Japanese characters ornamented the walls. These were in blossom and the work was fine. The receiving party consisted of Mr. and Mrs. Fujii, assisted by Miss Castle, Miss Walker, Miss Onawa and a number of Japanese gentlemen. Refreshments were served in the opposite parlor and on the lanais. In the smoking room the gentlemen found special entertainment. There is a fine lawn in the rear of the Fujii premises. Here was given an exhibition of day fireworks. Flags, dragons, serpents, figures of men and women and many beautiful and unique designs were sent into the air. Many of the guests promenaded about the lawn. A number of Japanese gentlemen were always about to explain how the mysterious aerial effects were produced.

On the lawn in front of the Government band gave a concert. The rendition of Japanese airs was praised by those familiar with the music. The refreshments placed on the tables inside really made a banquet, and were daintily served. Some of the costumes worn by the ladies were very striking. Mrs. Fujii was a most gracious and charming hostess. Mr. Fujii is a trained society man as well as a superior diplomat.

Many Government officials, all the representatives of foreign Powers, officers from the Hyacinth and several

business men and society people attended the reception. There was a movement of carriages up and down Nuuanu Avenue almost every minute from 2 to 5 in the afternoon.

The meeting at Beretania street Armory in the evening was an enthusiastic affair. By 7 o'clock the large hall was densely crowded. Refreshments were served here also. Policemen were required to prevent

injuries in the jam at the entrances. The decorations were flags, banners, lanterns and malle. Inside and outside the illuminations made the neighborhood bright as day.

Rev. Mr. Okabe was chairman of the meeting. This was the programme:

"Kimigayo" and Overture.
Hawaiian Band
Opening Address.....Rev. J. Okabe
"Tobacco".....Chorus
Reading of Imperial Decree.....Mr. S. Fujii
"Takachibo" and "Masashige"
Hawaiian Band
Salutatory.....Mr. K. Imanishi

"Hawaii Pooi."

Every number was listened to attentively by the audience of 1500. All in the place arose when Mr. Fujii was presented. The Consul-General was cheered for nearly a minute. After some introductory remarks, he read the proclamation put forth when the Mikado ascended the throne twenty-seven years ago. To the carrying out of the spirit of this inaugural is due, in a great measure, the tremendous progress made by the nation. Following is a translation of the message to the people and to the world:

1. Assemblies are established, as political institutions, in which all State affairs are to be decided by public opinion.
2. All classes of people in the Empire, without regard to rank or condition, must be animated by one spirit in carrying out the political development of the country.
3. All officers, either in the civil or military service, and the common people, shall pursue a good purpose, and must not be discouraged.
4. All ancient and unworthy customs and practices are abolished, and all people are to conform their lives to the great cause of the Universe.
5. Knowledge must be sought by all, and the foundations of the Empire be held in reverence. In the hope and promise of making a reformation of the nation, which is needed, I, the Emperor, as the leader of the people solemnly swear before the Deity of the Universe, that we will establish a

MR. W. L. HOPPER.

policy which is for the good of the country, and will provide institutions which will maintain the rights of the people, and the people shall also actively assist and labor in union with this purpose.

The addresses were all of a patriotic and loyal nature. Dr. Kobayashi, who has volunteered for the war, aroused the audience to a fine pitch. Mr. Narita's oration was a fine effort. The salutatory by K. Imanishi, was a warm welcome. Messrs. E. Kato, Dr. S. Asano and B. Shimizu were interrupted by cheers during the delivery of their speeches. About 8000 people gathered for the display of fireworks.

The town Japanese had a joyful celebration of their own in the morning. About sixty of them dressed as Japanese men-of-war men. They had the native band and marched around for an hour. Passing the executive building they cheered the Republic. The band led them around to Washington Place, and the music there was Hawaii Pooi.

W. A. McGuire, a well known citizen of McKay, Ohio, is of the opinion that there is nothing as good for children troubled with colds or croup as Chamberlain's Cough Remedy. He has used it in his family for several years with the best results and always keeps a bottle of it in the house. After having a gripe he was himself troubled with a severe cough. He used other remedies without benefit and then concluded to try the children's medicine and to his delight it soon effected a permanent cure. 25 and 50 cent bottles for sale by all Dealers. American Comments on the Cable Negotiations.

ISLAND STATESMEN ARE ASLE.

Circumvented a British Scheme—People at Washington Interested—State Department's Concern—Talk in Influential Circles on the Coast.

WASHINGTON, Oct. 27.—The late news from Honolulu of the abrupt check given by the Dole government to the negotiations by commissioners from England for special concessions for a projected cable between British Columbia and Australia has been received here with great satisfaction, because of the positive attitude of the Hawaiian Government in refusing, on account of prior exclusive treaty engagements with the United States, to make any such grant as that requested by Great Britain. Well-informed persons here characterize this move made by the British Government as a part of its machinations for new advantages in the Pacific ocean.

It is well known, however, that all governments are anxious for the establishment of telegraphic communication with the islands of the Pacific. During the sittings of representatives of the United States, Great Britain and Germany at Berlin, at which the three Powers entered into the existing tripartite arrangement in regard to the "neutrality and autonomous government of the Samoan Islands," the subject of the establishment of telegraphic cable communication with Samoa was broached to the conference by the British delegates, who stated that the establishment of telegraphic cable communication would greatly assist in preventing future disturbances. The American Commissioners, through John A. Kason, assured the conference that the United States was equally desirous of having telegraphic communication established with Samoa, but that it was a matter upon which the American Commissioners had no authority to treat at that time and place.

The recent occurrence is likely to lead to diplomatic correspondence with this Government and also to hasten action in Congress upon the matter of encouraging the laying of a telegraphic cable between our Pacific coast and the Hawaiian Islands, as to which preliminary action has already been taken in Congress.

The Department of State has repeatedly manifested its earnest concern in cable telegraphic communication with the Hawaiian Islands, but under this Administration it has also shown its disinclination to enter into any further "entangling alliances" with foreign governments by co-operation for the accomplishment of that or any other purpose.

Mr. W. L. Hopper, the rice miller, was a home passenger by the Australia and brought some news of the cable. He was at the Occidental hotel in San Francisco for some months. Mr. Hopper says that there was more earnest consideration of this cable incident than any Hawaiian happening since July 4th. Many influential men warmly commended the action of this Government. High praise was given the ability shown by Minister Hatch and the Cabinet in dealing with the representatives of the Imperial government.

THE FINAL PERFORMANCES.

Some Strong Plays to be Presented by the Dailey Company.

The "Black Flag" entertained a

good house at the theater on Saturday night, although it was the second performance of the piece within a short space of time. Miss Dalgleish and Messrs. Snow, Hallett and Scott acquitted themselves creditably, particularly Mr. Hallett who made a very funny character out of Lazarus.

Mr. Dailey announces that the present week will be the last of his dramatic season. The repertoire will be: Tuesday night, Bronson Howard's delightful comedy, "The Henrietta"; Thursday night, Gillette's well known story of the late war, "Hold by the Enemy"; for the matinee a spectacular production, "Cinderella" will be given. This is a splendid bill for the final week and it ought to bring out theatergoers in large numbers. The scenic artist and carpenters have been busy all week getting up special scenery for each play; one scene in particular, on which Manager Dailey is willing to stake his reputation will be an interior to be used tomorrow night. He declares that he has never seen anything so elaborate on any stage and he has seen all kinds of painted canvases.

For some days Mr. Dailey has been negotiating for the control of the Opera House and in all probability he will succeed in securing it. He is well known in the United States and is in a position to engage attractions.

At the recent meeting of the Unitarian Convention, held at Saratoga, New York, one of the Presbyterian churches was put at their disposal. And, then, the Unitarians invited the Roman Catholics to deliver some discourses to them, and one of them showed how all Christians could work together on certain lines. The two denominations are widely apart.

IS FULL FLEDGED.

Ophthalmic College Diploma Granted to H. F. Wichman.

H. F. Wichman, of the big jewelry house, on Fort street, is home from the United States and will be at the old stand this morning. He went abroad to perfect himself as an optician. Mr. Wichman took the full course with a regular class at the Chicago Ophthalmic College. This is a standard institution. He ranked high in his studies and has a first-class diploma. Mr. Wichman is now capable of fitting glasses as the work should be done. He brought a complete stock and as well made heavy purchases of jewelry, novelties, clocks and watches.

According to Mr. Wichman, business in the eastern part of the United States is improving. There is no change yet in the west, where merchants in every line are complaining. "The jewelry business is the barometer of trade everywhere," said Mr. Wichman. "When it picks up other people are getting hold of money. In the east the jewelers are making encouraging reports. I gave them a good impression of the commercial conditions here."
